

P.R.O.F.I.T. Account Activation Flat Risk

Date:

Account Holder Name:

Trading Account Number:

Saving Account Number:

Principal Deposit(saving account) <small>(Minimum Deposit is USD10,000)</small>	_____ USD
Daily operation Percentage taken from Principal deposit <small>(Maximum percentage is 5 %)</small>	_____ %

Terms & Conditions of Flat Risk:

- The P.R.O.F.I.T. Account is activated on both Saving and Trading Account of the client. The Saving Account is used for holding investment and managing funds and Trading account is used for executing trades.
- The clients can deposit directly into Saving Account Only.
- If a client Withdraws from the Principal deposit and the balance goes below \$10,000, the P.R.O.F.I.T. Account strategy is paused and the client has to re-invest to reach the Balance of \$10,000. The client also has to send a new Request form along with the desired operated percentage.
- **The Daily Operated Percentage is calculated from the Principal Deposit mentioned in this form.**
- All the fund related transactions held between Saving and Trading account is performed automatically as per the rules defined.
- In case of any profit from a transaction in the trading account, the profited amount will be immediately transferred to the Saving Account. It is to be noted that only the profited amount is transferred to Saving account and the daily operated amount is remained in the trading account for future trades.
- In case of any loss from a transaction in the trading account, the remaining calculated funds are deposited after the start of a new working day only. The start of a new working day is considered from 00:00 GMT.
- The Stop-out level in Trading Account is 30% and below. The traded leverage used is 1:200, which means the maximum loss that can occur in a day is approximately 3.5%.
- If the client is found with an intention of fraud or wrong doings, FOREXer LLC has the right to hold the remaining balance of both the trading and saving accounts as well as close and terminate these accounts.
- The trades are executed by the client itself and no manual trade is done from FOREXer LLC. It is to be noted that No advise is also given for trading.
- It is up to FOREXer LLC's own discretion to accept or reject P.R.O.F.I.T. Account Activation request.
